3. Joint Law Enforcement Operations

Three joint law enforcement operations resulted in the seizure of approximately 480 kilograms of compressed marijuana, arrests of eleven persons and the seizure of one motor vehicle and one aircraft. The first operation took place at Lollipop Beach in Bull Bay, St. Andrew where there was an exchange of gunfire between the security forces and the alleged drug traffickers. It is believed that the dealers operating in this area are part of "guns for ganja trade" that continues between Jamaica and Haiti. The second operation took place in Saint Catherine without incident. An aircraft which landed at the decommissioned Vernam Field was seized by law enforcement officers and a 29 year old Bahamian, Jimmy Johnson was charged with illegal landing and entry. No drugs were found.

4. Maritime Operation

The Jamaica Defence Force Coast Guard seized a go-fast vessel in the Portland Bight area and 146 kilograms of compressed marijuana.

5. Jamaica Constabulary Force: Jamaica Fugitive Apprehension Team (JFAT)

Donald Gordon and Donovan Skelton were arrested in Jamaica and Nassau Bahamas respectively. Gordon was wanted in the United States for bank robbery and Skelton for second degree murder. Gordon was extradited to the US while Skelton is awaiting extradition.
